

# Elevate Costpoint

## **COSTPOINT 8.2 IS COMING! ARE YOU ON THE RIGHT PATH TO UPGRADE?**

Do you feel your company is only using a small portion of the functionality that is available in Costpoint? Have you done multiple upgrades without taking advantage of new functionality? Now is the time to plan your upgrade strategy to ensure you're getting the greatest return from your Costpoint investment.

Elevate Costpoint will help your company identify Costpoint functionality that can improve business performance, and can provides a plan to get there. Elevate Costpoint includes meeting with your corporate functional experts in key areas of your business including accounting, projects, billing, accounts receivable and treasury. We develop an understanding of how Costpoint is being used and identify business and operational needs that are unmet or only partially met today. Then, applying our experience as practitioners and Costpoint Experts we will create an action plan identifying the new 8.2 and existing Costpoint features that can help you gain efficiencies and elevate your system to the next level.
