

NeoSystems AOS-G Government Agreement for Online Services

Under this Agreement (“Agreement”), NeoSystems LLC resells Microsoft Products to Customers, as further described below.

A. Definitions.

“Affiliate” means, for each Customer identified on an Enrollment, any entity that: (i) is a bureau, office, agency, department or other subdivision of that Customer (and located in Customer’s State, if Customer is a State/Local Entity) controlled by or under common control with Customer for whose use of Products Customer is contractually responsible under its Government Agreement in accordance with the Customer Terms, and (ii) controls, is controlled by, or is under common control with, Customer. For this definition, “control” means the legal right to bind contractually and exercise decision power over administration, finances, and operations.

“Anniversary Date” means the anniversary of the Enrollment Effective Date each year while an Enrollment is in effect.

“Anniversary Order” means the order submitted at each Anniversary Date during the term of an Enrollment.

“Annual Period” means the period between Anniversary Dates (or between an Enrollment Effective Date and the first Anniversary Date thereafter).

“Community” means the community consisting of one or more of the following: (i) a Government, (ii) a Customer using eligible Government Community Cloud Services to provide solutions to a Government or a qualified member of the Community, or (iii) a Customer with Customer Data that is subject to Government regulations for which the Customer determines and Microsoft agrees that the use of Government Community Cloud Services is appropriate to meet the Customer’s regulatory requirements. Membership in the Community is ultimately at Microsoft’s discretion, which may vary by Government Community Cloud Service.

“Confidential Information” means nonpublic information that (i) NeoSystems, Customer, or an Affiliate designates as confidential; or given the nature of, or the circumstances surrounding, disclosure, recipient should treat as confidential. Confidential Information excludes information that recipient already knew at time of disclosure without a confidentiality obligation; that recipient received from a third party without breach of a confidentiality obligation; that recipient independently developed; or that becomes publicly known through no wrongful act of recipient.

“Customer” means a Federal Agency, State/Local Entity, or Tribal Entity (as defined in the Microsoft Cloud Agreement) for which NeoSystems orders Products under an Enrollment.

“Enrollment Effective Date” If NeoSystems on behalf of a Customer is renewing Subscription Licenses from one or more of Customer’s previous Enrollments or agreements, then the Enrollment Effective Date will be the first day of the first month after the first prior Enrollment or agreement expires or terminates. If this Enrollment is renewed, the Enrollment Effective Date of the renewal term will be the day after the Expiration Date of the initial term. Otherwise, the Enrollment Effective Date will be the date each Enrollment is processed by Microsoft.

“Enrollment” means the form NeoSystems will submit for each Customer to (i) identify the Customer and its contacts; and (ii) establish the initial term or a renewal term for the Customer. One Customer may require multiple Enrollments if multiple separately-managed Customer environments

are required.

“Enrollment Number” is the number Microsoft will assign in its databases to represent each Enrollment.

“Government” means a Federal Agency, State/Local Entity, or Tribal Entity acting in its governmental capacity.

“Government Agreement” means the binding agreements between NeoSystems and each of its Customers under which the Customer Orders Products from NeoSystems and NeoSystems binds the Customer to the terms and conditions of the Microsoft Cloud Agreement.

“Government Community Cloud Services” means Microsoft Online Services that are provisioned in Microsoft’s multi-tenant data centers for exclusive use by or for the Community and offered in accordance with the National Institute of Standards and Technology (NIST) Special Publication 800-145. Microsoft Online Services that are Government Community Cloud Services are designated as such in the Use Rights.

“Government Partner” means NeoSystems.

“Law” means all applicable laws, rules, statutes, decisions, orders, regulations, judgments, codes, and requirements of any government authority (federal, state, local, or international) having jurisdiction.

“Microsoft” means Microsoft Affiliate that entered into an agreement with NeoSystems for the resale of its Products, and its Affiliates, as appropriate.

“Microsoft Cloud Agreement” means the Microsoft terms and conditions shown in Exhibit A hereto, which Microsoft requires NeoSystems to include in each of its Government Agreements.

“Online Services” means the Microsoft-hosted services identified as Online Services in the Product Terms. For clarity: (i) Microsoft’s contract with NeoSystems may limit the scope and variety of Microsoft Online Services available to Customer, for example based upon either a Microsoft License Program restriction and/or Customer’s unique regulatory or other requirement; and (ii) Customer should not issue a purchase order to NeoSystems for an Online Service unless Customer is first satisfied, pursuant to Microsoft’s public statements on the Microsoft Trust Center Compliance Page, that its regulatory and other requirements will be met. In certain cases, Microsoft may require NeoSystems to provide Customer with an amendment to the Microsoft Cloud Agreement, in cases where an Online Service’s compliance with a regulation is predicated upon joint Customer responsibility, as set forth in the Microsoft Trust Center Compliance Page.

“Online Services Terms” means the additional terms that apply to Customer’s use of Online Services published on the Microsoft Licensing Site and updated from time to time.

“Product” means all products identified in the Product Terms, such as all Software, Online Services and other web-based services, including pre-release or beta versions. Products available to NeoSystems for resale to its Customers under this Agreement are limited by the terms and conditions in Section 2.a of the Microsoft Cloud Agreement.

“SLA” means Service Level Agreement which specifies the minimum service level for Online Services and is published on the Microsoft Licensing Site.

“Software” means licensed copies of Microsoft software identified on the Product Terms. Software

does not include Online Services, but Software may be a part of an Online Service.

“Subscription License” means the temporary right to use a Product for the duration of the period for which it is ordered or reserved. Only Subscription Licenses are available under this Agreement.

“Use Rights” means the use rights or terms of service for each Product published on the Microsoft Licensing Site in the Product Terms and Online Services Terms (or successor documents), and updated from time to time. The Use Rights supersede the terms of any end user license agreement that accompanies a Product.

B. Sales to Customer

- 1. Use Rights.** Customer must use the Products in accordance with the applicable Use Rights delineated in the Microsoft Cloud Agreement, as it may be amended or updated from time to time by Microsoft.
- 2. Subscription License quantity changes.** Customer may increase the quantity of Subscription Licenses at any time during the term of an Enrollment by submitting an order as more fully described in Exhibit A hereto. Customer may only reduce the quantity of Subscription Licenses on a prospective basis as part of NeoSystems’ Anniversary Order for Customer. Customer’s reduction of the quantity of Subscription Licenses to zero shall constitute termination of the Enrollment.
- 3. Additional Requirements Pertaining to the Government Community Cloud Services:**
 - a. Community requirements.** NeoSystems may only sell Government Cloud Services to members of the Community. All Customers purchasing Government Community Cloud Services are members of the Community and have agreed to use Government Community Cloud Services solely in their capacities as members of the Community and for the benefit of end users that are members of the Community. Use of Government Community Cloud Services by an entity that is not a member of the Community or to provide services to non-Community members is strictly prohibited and could result in termination of this Agreement and/ or a Customer’s Subscription License(s) for Government Community Cloud Services.
 - (i) Customer may not deploy or use Government Community Cloud Services and corresponding non-Government Community Cloud Services in the same domain, and may not order Government Community Cloud versions of Microsoft Azure (called Azure Government Services) under the same Enrollment Number as commercial Microsoft Azure Services.
 - (ii) Any Customer that uses Government Community Cloud Services must maintain its status as a member of the Community, and NeoSystems must notify Microsoft in the event that one or more of its Customers ceases to qualify as a member. Maintaining status as a member of the Community is a material requirement for such services.
 - (iii) Customer may not add any Microsoft Products to any U.S. government contract vehicle without the direct and prior written consent of Microsoft.

Customer agrees that breach of this Section II.C shall constitute a material breach of this Agreement and that the liabilities limited in Section 10 of the Terms and Conditions shall not apply to a breach of this Section II.C.

- b. **Use Rights for Government Community Cloud Services.** For Government Community Cloud Services, notwithstanding anything to the contrary in the Use Rights: (a) Government Community Cloud Services will be offered only within the United States; and (b) Additional European Terms, as set forth in the Use Requirements will not apply.
- c. **Product warranties.** NeoSystems' instructions to Customer using Products must be consistent with the Microsoft Cloud Agreement (including but not limited to Microsoft's warranty and Use Rights), end user documentation, and this Agreement.
- d. **No alterations.** NeoSystems will not (a) change, decompile, or reverse engineer Products; (b) change any Product documentation components; or (c) make copies of any media or documentation components.
- e. **Use restrictions.** NeoSystems may not use Products acquired under this Agreement for its own benefit.
- f. **Compliance with Law and Microsoft Anti-Corruption Policy.** NeoSystems will comply with all applicable anti-corruption Law against bribery, corruption and money-laundering, including the U.S. Foreign Corrupt Practices Act ("Anti-Corruption Laws"). NeoSystems certifies that it has read and will comply with the Anti-Corruption Policy for Representatives: <https://www.microsoft.com/en-us/legal/compliance/anticorruption/reppolicy.aspx>

C. Ordering Terms and Invoicing

1. **Ordering and Enrollments; initial, mid-year and annual orders.**
 - a. **Initial Order.** NeoSystems will submit to Microsoft an Enrollment and an order once the quote is accepted and this Agreement is signed by the customer.
 - b. **Mid-year Order.** Mid-year orders will be invoiced for the months remaining until the Anniversary Date.
 - c. **Annual Order.** NeoSystems on Customer's behalf will submit an annual order for all quantities of Products Customer wishes to use in the subsequent year.
2. **Late ordering.** If the order for any Annual Period during an Enrollment term is not received when due,
 - a. NeoSystems will invoice Customer for that Annual Period for the quantity of Subscription Licenses ordered in the prior Annual Period at NeoSystems' then current rates; and
 - b. License reductions cannot be reported until at least 30 days prior to the following Annual Period. Subscription License reductions are only available on a prospective basis, and will not take place until the following Annual Period.
3. **Invoicing.** NeoSystems will invoice Customer in full upon acceptance of each order. Subscription License fees will be invoiced to Customer upon submission of each order, without regard to whether the Customer's licensed users actually access or use Products.
4. **Microsoft Azure services.** Invoicing for Microsoft Azure Services is described in the Product Terms, including but not limited to billing terms for Consumption.

- 5. Price Protection.** NeoSystems' price to Customer for each Product will be established between NeoSystems and Customer. Except for Online Services designated in the Product Terms as being exempt from fixed pricing, NeoSystems' prices for each Product ordered pursuant to a Commitment Offering will be fixed throughout the applicable initial or renewal Enrollment term. NeoSystems prices for Customer are reestablished at the beginning of the renewal term.
- 6. Invoicing and payment.** Unless indicated otherwise, NeoSystems will invoice the Customer in full upon acceptance of each order. Payment is due on the date specified in NeoSystems' invoice. NeoSystems may change the terms in this Agreement on 30 days' notice to Customer. If Customer fails to make payment of any sums by the due date, then NeoSystems may do any or all of the following (without waiving any other right or remedy):

 - a. if Customer's payment is not received within 30 days of the due date, terminate the applicable Enrollment(s) on 30 days' notice (or immediately on notice if Customer has two or more late payments during the Term);
 - b. hold all pending orders and suspend all access under the applicable Enrollment(s) until all payments due are received.
- 7. Other payment terms.** Customer will:

 - a. make payments by wire transfer to NeoSystems' designated account, or by any other means NeoSystems may periodically require;
 - b. pay (and not deduct from any amount due) any remittance costs;
 - c. include NeoSystems' invoice number (if applicable) on each such wire transfer;
 - d. not withhold payment or make deductions on any invoiced amount (e.g., by way of offset, counterclaim, or otherwise, for returns, rebates, price adjustments, billing errors, handling fees, allowances, or otherwise) unless NeoSystems issues a credit note. Customer's duty to pay NeoSystems is not contingent on Customer's receipt of payment from any third party.
- 8. SLA credits.**

Microsoft makes certain service level commitments to Customers in the SLA. If a Customer makes a claim on the SLA, NeoSystems will escalate the claim to Microsoft for review. Microsoft will review the claim according to its standard SLA review process. Microsoft will then apply any credit due on NeoSystems' next billing reconciliation report. NeoSystems will then credit the Customer that submitted the SLA claim at least the amount Microsoft has paid NeoSystems for the SLA credit. Customer is eligible for credits not to exceed the total monthly Subscription estimated retail price ("ERP"). Microsoft reserves the right to audit outages on a per subscription or per service basis at any time.
- 9. Microsoft Financing.** If Customer elects to finance its purchases through the Microsoft Financing program, payments received by NeoSystems from Microsoft Financing will be considered payments directly from the Customer. Additionally, if Customer has financed its purchase from NeoSystems through the Microsoft Financing program and the Microsoft contracting entity issues a credit related to such purchase, the Microsoft contracting entity will issue such credit to Microsoft Financing Corporation rather than to NeoSystems.

10. Termination. NeoSystems may terminate any Enrollment, for any reason or no reason, on 60 days' written notice. Upon written 60 days advance notice from NeoSystems, Customer must cease submitting new Enrollments. For clarity, Microsoft anticipates releasing a new program (with a different form of agreement), and its notice to cease submission of such forms is expected to be in conjunction with NeoSystems' offer to execute such new agreement with Customer.

Exhibit A

Microsoft Cloud Agreement

This Exhibit is incorporated into the Government Contract entered into between the customer who is a Government entity (“Customer”) and the person or entity who has entered into a prime contract with the Government (“Contractor”) as an addendum and governs your use of the Microsoft Products. It consists of the terms and conditions below, Use Rights, SLA, and all documents referenced within those documents (together, the “agreement”). It is effective on the date that the Contractor provisions the Customer’s Subscription. Key terms are defined in Section 10.

1. Grants, rights and terms.

All rights granted under this agreement are non-exclusive and non-transferable and apply as long as neither Customer nor any of its Affiliates is in material breach of this agreement.

- a. **Software.** Upon acceptance of each order, Microsoft grants Customer a limited right to use the Software in the quantities ordered.
 - (i) **Use Rights.** The Use Rights in effect when Customer orders or renews a Subscription License for Software will apply to Customer’s use of the version of the Software that is current at the time. For future versions and new Software, the Use Rights in effect when those versions and Software are first released will apply. Changes Microsoft makes to the Use Rights for a particular version will not apply unless Customer chooses to have those changes apply.
 - (ii) **Temporary licenses.** Licenses available on a subscription basis are temporary.
- b. **Online Services.** Customer may use the Online Services as provided in this agreement.
 - (i) **Online Services Terms.** The Online Services Terms in effect when Customer orders or renews a Subscription to an Online Service will apply for the applicable Subscription term. For Online Services that are billed periodically based on Consumption Offerings, as described in Section 2.a, below, the Online Services Terms current at the start of each billing period will apply to usage during that period.
 - (ii) **Suspension.** Microsoft may suspend use of an Online Service during Customer’s violation of the Acceptable Use Policy or failure to respond to a claim of alleged infringement. Microsoft will give Customer notice before suspending an Online Service when reasonable.
 - (iii) **End Users.** Customer controls access by End Users, and is responsible for their use of the Product in accordance with this agreement. For example, Customer will ensure End Users comply with the Acceptable Use Policy.
 - (iv) **Customer Data.** Customer is solely responsible for the content of all Customer Data. Customer will secure and maintain all rights in Customer Data necessary for Microsoft to provide the Online Services to Customer without violating the rights of any third party or otherwise obligating Microsoft to Customer or to any third party. Microsoft does not and will not assume any obligations with respect to Customer Data or to Customer’s use of the Product other than as expressly set forth in this agreement or as required by applicable law.
 - (v) **Responsibility for your accounts.** Customer is responsible for maintaining the confidentiality of any non-public authentication credentials associated with Customer’s use of the Products. Customer must promptly notify customer support about any possible misuse of Customer’s accounts or authentication credentials, or any security incident related to the Products.
- c. **Reservation of rights.** Products are protected by copyright and other intellectual property rights laws and international treaties. Microsoft reserves all rights not expressly granted in this agreement. No rights will be granted or implied by waiver or estoppel. Rights to access or use Software on a device do not give Customer any right to implement Microsoft patents or other Microsoft intellectual property in the device itself or in any other software or devices.
- d. **Restrictions.** Customer may use the Product only in accordance with this agreement. Customer may not (and is not licensed to): (1) reverse engineer, decompile or disassemble any Product or Fix, or attempt to do so; (2) install or use non-Microsoft software or technology in any way that would subject Microsoft’s intellectual property or technology to any other license

terms; or (3) work around any technical limitations in a Product or Fix or restrictions in Product documentation. Customer may not disable, tamper with, or otherwise attempt to circumvent any billing mechanism that meters Customer's use of the Products. Except as expressly permitted in this agreement or Product documentation, Customer may not distribute, sublicense, rent, lease, lend, resell or transfer and Products, in whole or in part, or use them to offer hosting services to a third party.

e. **Preview releases.** Microsoft may make Previews available. **Previews are provided "as-is," "with all faults," and "as-available," and are excluded from the SLA and all limited warranties provided in this agreement.** Previews may not be covered by customer support. Previews may be subject to reduced or different security, compliance, and privacy commitments, as further explained in the Use Rights and any additional notices provided with the Preview. Microsoft may change or discontinue Previews at any time without notice. Microsoft also may choose not to release a Preview into "General Availability."

f. Verifying compliance for Products.

(i) **Right to verify compliance.** Customer must keep records relating to all use and distribution of Products by Customer and its Affiliates. Microsoft has the right, at its expense, to verify compliance with the Products' license terms. Customer must promptly provide any information reasonably requested by the independent auditors retained by Microsoft in furtherance of the verification, including access to systems running the Products and evidence of licenses for Products that Customer hosts, sublicenses, or distributes to third parties. Customer agrees to complete Microsoft's self-audit process, which Microsoft may request as an alternative to a third-party audit.

(ii) **Remedies for non-compliance.** If verification or self-audit reveals any unlicensed use of Products, then within 30 days Customer must order sufficient licenses to cover its use. If unlicensed use or distribution is 5% or more, the Customer may be completely responsible for the costs Microsoft has incurred in verification, to the extent permitted by 31 U.S.C. § 1341 (Anti-Deficiency Act) (if applicable) and other or similar state law (as applicable). The unlicensed use percentage is based on the total number of licenses purchased compared to actual install base. Notwithstanding the foregoing, nothing in this section prevents the Customer from disputing any invoice in accordance with the Contract Disputes Act (41

U.S.C. §§7101-7109), if and as applicable. If there is no unlicensed use, Microsoft will not subject Customer to another verification for at least one year. By exercising the rights and procedures described above, Microsoft does not waive its rights to enforce this agreement or to protect its intellectual property by any other legal means.

(iii) **Verification process.** Microsoft will notify Customer at least 30 days in advance of its intent to verify Customers' compliance with the license terms for the Products Customer and its Affiliates use or distribute. Microsoft will engage an independent auditor, which will be subject to a confidentiality obligation. Any information collected in the self-audit will be used solely for purposes of determining compliance. This verification will take place during normal business hours and in a manner that does not unreasonably interfere with Customer's operations.

2. **Subscriptions, ordering.**

a. **Available Subscription offers.** The Subscription offers available to Customer will be established by the Government Contract and generally can be categorized as one or a combination of the following:

(i) **Online Services Commitment Offering.** Customer commits in advance to purchase a specific quantity of Online Services for use during a Term and to pay upfront or on a periodic basis for continued use of the Online Service. Online Services Commitment Offerings are also referred to as "License Plans" in the Product Terms.

(ii) **Consumption Offering (also called Pay-As-You-Go).** Customer pays based on actual usage with no upfront commitment. Consumption Offerings are billed according to Consumption Rates, as defined in the Product Terms.

(iii) **Limited Offering.** Customer receives a limited quantity of Online Services for a limited term without charge (for example, a free trial) or as part of another Microsoft offering (for

example, MSDN). Provisions in this agreement with respect to the SLA and data retention may not apply.

- (iv) **Software Commitment Offering.** Customer commits in advance to purchase a subscription for a specific quantity of Software for use during a Term and to pay upfront or on a periodic basis for continued use of the Software.

b. **Ordering.**

- (i) Orders must be placed through the Contractor. Customer may place orders for its Affiliates under this agreement and grant its Affiliates administrative rights to manage the Subscription, but, Affiliates may not place orders under this agreement. Customer also may assign the rights granted under Section 1.a and 1.b to a third party for use by that third party in Customer's internal business. If Customer grants any rights to Affiliates or third parties with respect to Software or Customer's Subscription, such Affiliates or third parties will be bound by this agreement and Customer agrees to be jointly and severally liable for any actions of such Affiliates or third parties related to their use of the Products.
- (ii) The Contractor may permit Customer to modify the quantity of Products ordered during the Term of a Subscription. Additional quantities of Products added to a Subscription will expire at the end of that Subscription.

- c. **Pricing and payment.** Prices for each Product and any terms and conditions for invoicing and payment will be established by the Contractor.

d. **Renewal.**

- (i) Upon renewal of a Subscription, Customer may be required to sign a new agreement, a supplemental agreement or an amendment to this agreement.
- (ii) Customer's Subscription will automatically renew unless Customer provides the Contractor notice of its intent not to renew prior to the expiration of the Term.

- e. **Eligibility.** Customers must qualify as Federal Agencies or State/Local Governments. Microsoft reserves the right to verify eligibility at any time and suspend the Product if the eligibility requirements are not met.

- f. **Taxes.** The parties are not liable for any of the taxes of the other party that the other party is legally obligated to pay, and which are incurred or arise in connection with or related to the transactions contemplated under this agreement, and all such taxes will be the financial responsibility of the party who is obligated by operation of law to pay such tax.

3. **Term, termination.**

- a. **Agreement term and termination.** This agreement will remain in effect until the expiration or termination of the Government Contract, whichever is earliest.
- b. **Cancel a Subscription.** The Government Contract will establish the terms and conditions, if any, upon which Customer may cancel a Subscription.

4. **Security, privacy, and data protection.**

- a. Customer consents to the processing of personal information by Microsoft and its agents to facilitate the subject matter of this agreement. Customer may choose to provide personal information to Microsoft on behalf of third parties (including your contacts, resellers, distributors, administrators, and employees) as part of this agreement. Customer will obtain all required consents from third parties under applicable privacy and data protection laws before providing personal information to Microsoft.
- b. Additional privacy and security details are in the Online Services Terms. The commitments made in the Online Services Terms only apply to the Online Services purchased under this agreement and not to any services or products provided by the Contractor.
- c. As and to the extent required by law, Customer shall notify the individual users of the Online Services that their data may be processed for the purpose of disclosing it to law enforcement or other governmental authorities as directed by the Contractor or as required by law, and Customer shall obtain the users' consent to the same.

5. **Warranties.**

- a. Limited warranty.

- (i) **Software.** Microsoft warrants that each version of the Software will perform substantially as described in the applicable Product documentation for one year from the date Customer is first licensed for that version. If it does not, and Customer notifies Microsoft within the warranty term, then Microsoft will, at its option, (1) return the price Customer paid for the Software license or (2) repair or replace the Software.
 - (ii) **Online Services.** Microsoft warrants that each Online Service will perform in accordance with the applicable SLA during Customer's use. Customer's remedies for breach of this warranty are in the SLA.
 - (iii) **Professional Services.** With respect to the provision of Professional Services, unless stated otherwise in a separate Statement of Service, each party represents and warrants it will secure the permission of the other party prior to providing any source code in a manner that would subject the other party's intellectual property to any other license terms or require the other party to distribute source code to any of its technologies. All results of any Professional Services provided as an Online Service Benefit and not subject to a separate Statement of Services and any software or technologies provided by either party during the provision of any Professional Services provided as an Online Services Benefit are provided strictly "as is" and "with all faults" and without warranties of any kind except. **ALL RESULTS AND ANY SOFTWARE, SERVICES AND/OR TECHNOLOGIES PROVIDED BY EITHER PARTY ARE PROVIDED STRICTLY "AS IS" AND "WITH ALL FAULTS" AND WITHOUT WARRANTIES OF ANY KIND.**
 - (iv) The remedies above are Customer's sole remedies for breach of the warranties in this section. Customer waives any breach of warranty claims not made during the warranty period.
 - b. **Exclusions.** The warranties in this agreement do not apply to problems caused by accident, abuse or use inconsistent with this agreement, including failure to meet minimum system requirements. These warranties do not apply to free or trial products, Previews, Limited Offerings, or to components of Products that Customer is permitted to redistribute.
 - c. **Disclaimer.** **Except for the limited warranties above, to the extent not prohibited by applicable law, Microsoft provides no warranties or conditions for Products and disclaims any other express, implied, or statutory warranties for Products, including warranties of quality, title, non-infringement, merchantability and fitness for a particular purpose.**
6. ***Defense of third party claims.***
- a. **By Microsoft.** Microsoft will defend Customer against any third-party claim to the extent it alleges that a Product or Fix made available by Microsoft for a fee and used within the scope of the license granted under this agreement (unmodified from the form provided by Microsoft and not combined with anything else), misappropriates a trade secret or directly infringes a patent, copyright, trademark or other proprietary right of a third party. If Microsoft is unable to resolve a claim of infringement under commercially reasonable terms, it may, as its option, either: (1) modify or replace the Product or Fix with a functional equivalent; or (2) terminate Customer's license and refund any prepaid subscription license fees for Products for any usage period after the termination date. Microsoft will not be liable for any claims or damages due to Customer's continued use of a Product or Fix after being notified to stop due to a third-party claim.
 - b. **Customer's agreement.** Customer agrees that use of Customer Data or non-Microsoft software Microsoft provides or otherwise makes available on Customer's behalf will not infringe any third party's patent, copyright or trademark or make unlawful use of any third party's trade secret. In addition, Customer will not use an Online Service to gain unauthorized access to or disrupt any service, data, account or network in connection with the use of the Online Services.
 - c. **Rights and remedies in case of possible infringement or misappropriation.** If Microsoft reasonably believes that a claim under this section may result in a legal bar prohibiting Customer's use of the Product or Fix, Microsoft will seek to obtain the right for Customer to keep using it or modify or replace it with a functional equivalent, in which case Customer must discontinue use of the prior version immediately. If these options are not commercially

reasonable, Microsoft may terminate Customer's right to the Product or Fix and refund any amounts Customer has paid for those rights to Fixes and, for Products, any amount paid for a usage period after the termination date.

- d. **Other terms.** Customer must notify Microsoft promptly in writing of a claim subject to this section. To the extent permitted by applicable law, give Microsoft sole control over the defense and settlement (provided that for any Federal Agency Customers, the control of the defense and settlement is subject to 28 U.S.C. § 516) and provide reasonable assistance in defending the claim. Microsoft will reimburse Customer for reasonable out of pocket expenses that it incurs in providing assistance. The remedies provided in this section are the exclusive remedies for the claims described in this section.

Notwithstanding the foregoing, and solely with respect to Federal Agency Customers, Microsoft's rights set forth in this section (and the rights of the third party claiming infringement) shall be governed by the provisions of 28 U.S.C. § 1498.

7. **Limitation of liability.**

To the extent permitted by applicable law, for each Product, each party's maximum, aggregate liability to the other under this agreement is limited to direct damages finally awarded in an amount not to exceed the amounts Customer paid for the applicable Products during the term of this agreement, subject to the following:

- a. **Online Services.** For Online Services, Microsoft's maximum liability to Customer for any incident giving rise to a claim will not exceed the amount Customer paid for the applicable Online Service during the 12 months before the incident.
- b. **Professional Services.** TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE PARTIES LIMIT THEIR LIABILITY FOR ANY CLAIMS RELATED TO PROFESSIONAL SERVICES UNDER THIS AGREEMENT TO \$5,000 AND IN NO EVENT WILL EITHER PARTY (INCLUDING THEIR DIRECTORS, OFFICERS AND AFFILIATES) BE LIABLE FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, PUNITIVE, SPECIAL, OR EXEMPLARY DAMAGES ARISING OUT OF THE PERFORMANCE OF PROFESSIONAL SERVICES UNLESS OTHERWISE STATED IN A SEPARATE STATEMENT OF SERVICES. THESE EXCLUSIONS APPLY REGARDLESS OF WHETHER APPLICATION OF THESE EXCLUSIONS CAUSES ANY REMEDY TO FAIL OF ITS ESSENTIAL PURPOSE. THIS SECTION 7b WILL NOT APPLY TO LIABILITY ARISING OUT OF EITHER PARTY'S LIABILITY FOR (A) VIOLATION OF ITS CONFIDENTIALITY OBLIGATIONS (EXCEPT OBLIGATIONS RELATED TO DATA UNDER SECTION 8d BELOW); OR (B) INFRINGEMENT, MISAPPROPRIATION, OR OTHER VIOLATIONS OF THE OTHER PARTY'S TECHNOLOGIES OR INTELLECTUAL PROPERTY.
- c. **Free Products and distributable code.** For Products and Professional Services provided free of charge and code that Customer is authorized to redistribute to third parties without separate payment to Microsoft, Microsoft's liability is limited to direct damages finally awarded up to US\$5,000.
- d. Exclusions. In no event will either party be liable for loss of revenue or indirect, special, incidental, consequential, punitive, or exemplary damages, or damages for loss of use, lost profits, revenues, business interruption, or loss of business information, however caused or on any theory of liability.
- e. **Exceptions.** The limits of liability in this section apply to the fullest extent permitted by applicable law, but do not apply to: (1) confidentiality obligations (except for all liability related to Customer Data or Support and Consulting Data which will remain subject to the limitations and exclusions above); (2) the parties' obligations under section 6; or (3) violation of the other's intellectual property rights.
- f. This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to these Microsoft License Terms and Conditions under any federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733.

8. **Professional Services.**

- a. **Description of Supplier Services.** The precise scope of the Professional Services may be specified in a Statement of Services. Customer or any of Customer's Affiliates may enter into Statements of Services under this Agreement with Microsoft's local Affiliates. Microsoft's ability to deliver the Professional Services depends upon Customer's full and timely cooperation, as well as the accuracy and completeness of any information Customer provides. This Agreement does not obligate either party or its Affiliates to enter into any Statements of Services.
- b. **Proprietary Rights.**
 - (i) **Pre-existing Work.** Each party owns and retains all rights, title and interest to its pre-existing Confidential Information and technology, including technologies developed outside of this agreement, together with all related intellectual property rights (as to each party, its "**Pre-Existing Work**"). Subject to compliance with the terms of this agreement, each party grants to the other a worldwide, non-exclusive, non-assignable, fully paid-up license to use, reproduce, and create derivative works of its Pre-existing Work, provided that: (i) Microsoft's license to Customer's Pre-Existing Work is solely for the purposes of providing technical resources under this agreement; (ii) Customer's license to Microsoft Pre-Existing Work will be in accordance with this agreement; (iii) neither party may use the other party's Pre-Existing Work on a standalone basis and (iv) neither party may distribute or otherwise transfer any of the other party's Pre-Existing Work to a third party.
 - (ii) **Improvements.** Each party shall exclusively own all modifications and derivative works created under this agreement to that party's Pre-Existing Work ("**Improvements**"), regardless of who authors such Improvements. Each party assigns to the other party all rights, title, and interest to any Improvements that it makes to the other party's Pre-Existing work. Subject to compliance with the terms of this agreement, the parties license Improvements as follows: (i) Microsoft grants Customer a worldwide, non-exclusive, non-assignable, fully paid-up license to use, reproduce, and create derivative works, but not distribute or otherwise transfer, Improvements to Microsoft's Pre-Existing Work; and (ii) Customer grants Microsoft a worldwide, non-exclusive, non-assignable, fully paid-up license to use, reproduce, distribute, and create derivative works of only those Improvements Microsoft may create to Customer's Pre-Existing Work that are generic solutions or services.
 - (iii) **Developments.** Either party may create new technology, written materials, or proofs of concept under this agreement that do not include any Pre-Existing Work or Improvements ("**Developments**"). All Developments will be owned by Microsoft and Customer assigns to Microsoft all rights, title, and interest to any Developments that it makes.
